PAYROLL BULLETIN
(17-72)

TO: All State Agencies and Departments
Attention: Payroll Clerks

SUBJECT: Payroll Deductions for Elected Insurance

It has been brought to our attention that a problem may exist concerning Payroll Deductions for Elected Insurance. The problem develops from the large number of Insurance Options available to the employee, other than Group Life and Group Health provided through Northeastern.

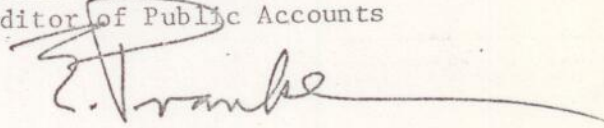

The present payroll voucher provides for three (3) Optional Insurance columns other than Northeastern; those being LIFE ELECTED AMOUNT (61), HEALTH ELECTED AMOUNT (63), and MISCELLANEOUS INSURANCE AMOUNT (65). A new payroll system is being designed. The purpose of this bulletin is to advise that under the present payroll system, no employee may exceed three (3) Optional Insurance deductions, however, the three coverages can be any combination of life, health, or miscellaneous insurance desired by the employee.

Currently some employees are carrying three insurance options in addition to their Northeastern Insurance. These employees have the maximum number of deductions that can be carried under the present system and no additional deductions can be made.

Enclosed is a current listing of all Insurance Companies carrying an active Insurance Code number and the Code Number. Please retain this list as you will be provided with periodic updates of this list by future Payroll Bulletins.

Very truly yours,

Michael J. Howlett,
Auditor of Public Accounts
